

DOG TRAVEL MATTERS TO VISIT MENDOCINO!

© 2021 DogTrekker, Inc. All Rights Reserved

LEAVE NO DOG BEHIND WHEN VISITING MENDO!

Welcome to DogTrekker.com, the **trusted source** for **three million** California travelers who **stay**, play, hike, eat and explore with their four-legged **family**.

Visit Mendocino was DogTrekker's third county partner to launch in California, and what a ride it has been.

Despite COVID-19 set-backs, 2020 - 2021 was our best year yet in creating aspiration and activation to visit Mendo.

Here is our report! And a look ahead.

DOG PASSION WITH A PURPOSE

Dog-friendly tourism is a billion-dollar destination driver that intersects with nearly every major travel segment, from culinary to adventure to family-friendly and beyond.

Guided by our core Leave No Dog Behind mission, we also spotlight and financially support animal welfare organizations in partner destinations across the Golden State as part of our “Tourism Gives Back” initiative.

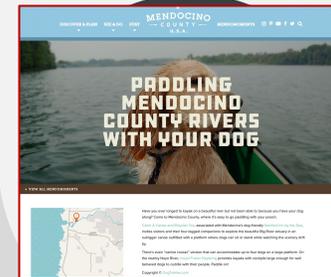

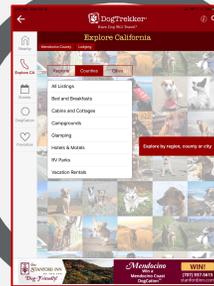

DOGTREKKER, INC. / MENDO PARTNER TIMELINE

2012: Mendocino County/DogTrekker Partnership Begins

2018: DogTrekker Provides Content for VisitMendocino.com

2011: DogTrekker.com & Newsletter Launches

2015: DogTrekker Mobile App Introduced
- Wins Gold Adrian -
Features Mendo

2021: North Coast/Mendo Ranked Top DogTrekker Destination

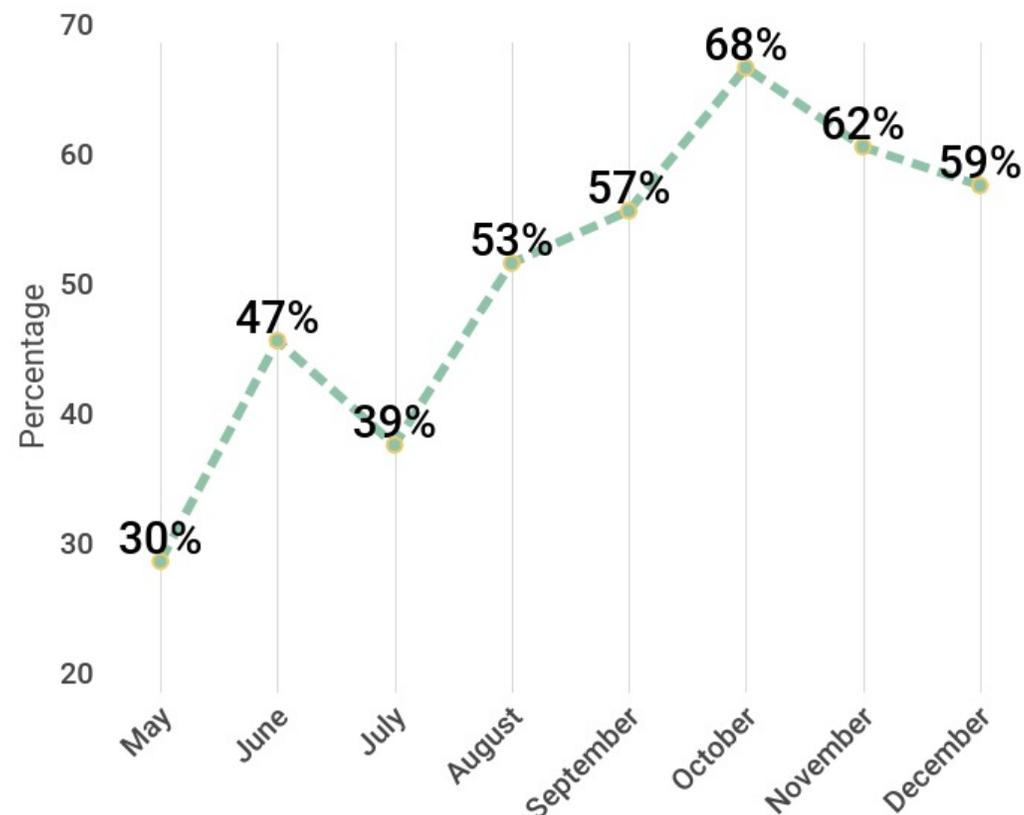

DOGTREKKER IN THE ERA OF COVID-19

2020 began with a great deal of optimism in the travel industry, looking forward to a continuation of a decade of increased tourism within California. Then a far-off virus became a world-wide pandemic, impacting us all.

DogTrekker moved quickly when the San Francisco Bay Area and then California was shut down through stay-at-home-orders. All travel marketing was pulled immediately from DogTrekker channels and replaced by local resource guides and animal welfare fundraising.

When things began to open up, DogTrekker.com ran "aspirational" stories for its partners, including Mendocino County. The strategy was incredibly successful >>>

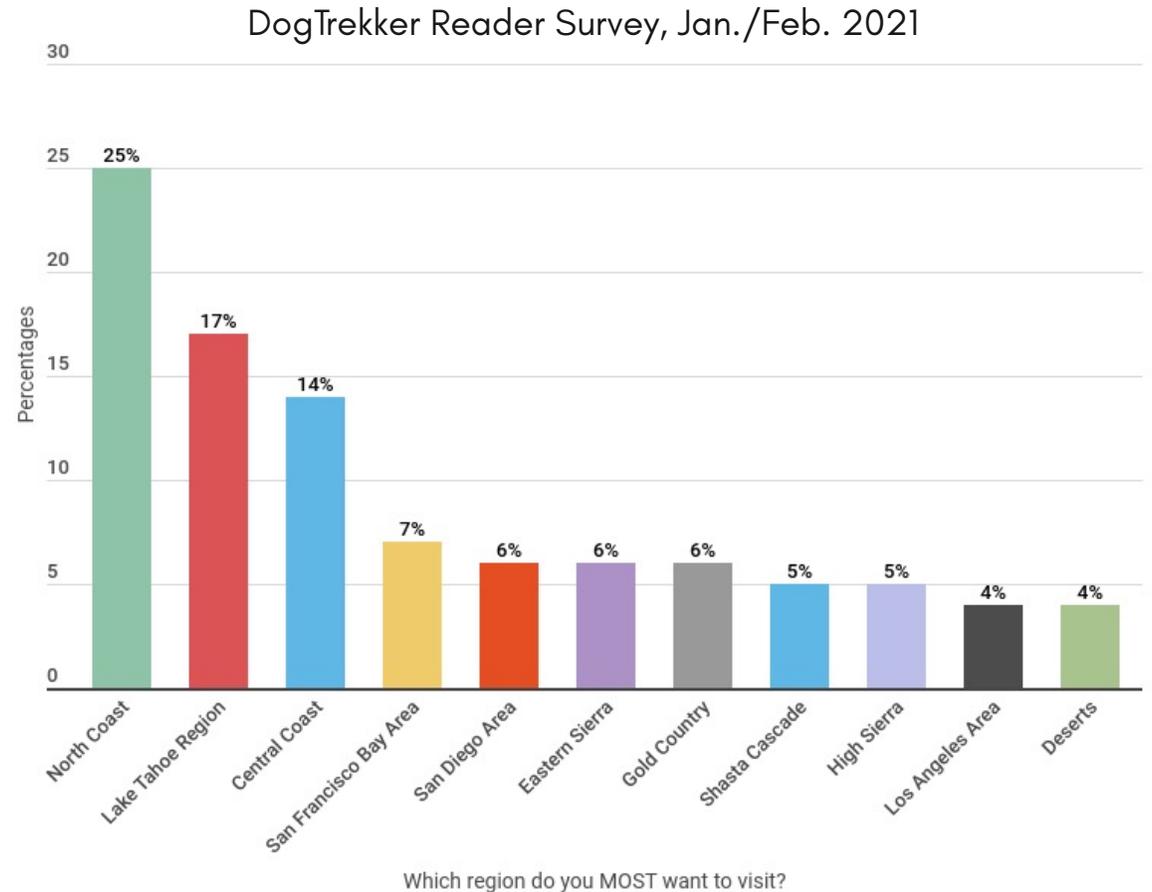

2020 New Unique User Growth Month over Month over 2019

WHICH REGIONS DO DOGTREKKERS WANT TO TRAVEL IN 2021? THE NORTH COAST TAKES #1!

Thanks to a multi-year partnership between **Visit Mendocino** and several top **Mendocino County lodging partners**—interest, engagement, and clicks to stakeholders have always been strong.

Now, for the first time ever, the **North Coast** takes top honors, passing both Lake Tahoe and the waves and wine regions of the Central Coast in desire to visit!

MENDOCINO COUNTY = DOG-PASSIONATE!

DogTrekker love Mendocino!

Golden Gate National Recreation Area	70.04%
East Bay Regional Parks District	52.14%
San Francisco Bay Trail	38.72%
Bay Ridge Trail	35.02%
Fort Bragg Coastal Trail	32.68%
Sonoma County Regional Parks	31.13%
Marin County Open Space District	30.74%

✓ DogTrekker Stats/Mendocino County in 2020:

❖ Now over 265 dog-friendly listings (pre-COVID-19):

- 85 Lodging
- 35 Restaurants
- 50 Wineries
- 39 Hikes
- 14 Beaches

❖ Over 60,000 pageviews of Mendo content (3rd highest county in the state)

❖ Nearly 2 minutes of Mendo content/user

✓ A third of the DogTrekker readership is aware of the Fort Bragg Coastal Trail, ranking 5th of all park or trail districts in California, ahead of Sonoma, Marin and East Bay MUD parks! This comes from the constant promotion of the trail and Mendo by DogTrekker!

Downward Dog?

Mendocino County: Connect with Your Inner Dog
As Californians begin hatching from months of staying at home due to the COVID-19 pandemic, the itch to travel (safely) is growing stronger. [Mendocino County](#) is one destination that's cautiously reopening to visitors. Their "Clean and Safe" commitment (download [#SafeMendocino Visitor Guide](#)) is geared to responsible travelers—including those accompanied by four-legged friends—who long to connect with nature, scenery and fresh, clean air.

Kayla Forest Bathing

'Forest Bathing' With Fido, Anyone?
The practice of "[forest bathing](#)," or "[shinrin-yoku](#)," popularized in the USA by a string of books including best-seller "Forest Bathing: How Trees Can Help You Find Health and Happiness" by Japanese immunologist Quing Li, has taken off in [Mendocino County](#). And there's no better place to indulge in the practice of absorbing oneself in a forest atmosphere than here, where dog-friendly options amid the redwood giants abound. [Read more...](#)

Mango at Pomo Bluffs

Dog-Trekking Coastal Mendo
Pack a windbreaker and prepare to get oxygenated as you hike the Mendocino Land Trust's [Coastal Trail](#) out of [Fort Bragg](#) with your pup. Travel north for five miles from Noyo Headlands Park on a new, multi-use, ADA-accessible trail featuring ocean views, habitat restoration, interpretive signage and benches crafted by local artists. Families and dogs on leash are welcome. [Read more...](#)

Mendocino Botanical Garden

Open Air Dog-friendly Activities Perfect for Social Distancing

By now, we all know the drill: wash your hands, cover your face in public, maintain six feet of "social distancing" between yourself and anyone else who is not a member of your household "bubble." So where does your dog fit in? Right by your side, as always! In [Mendocino County](#), you'll have access to many activities that let you have fun while still adhering to the guidelines. Here are a few suggestions. [Read more...](#)

Can you canoe?

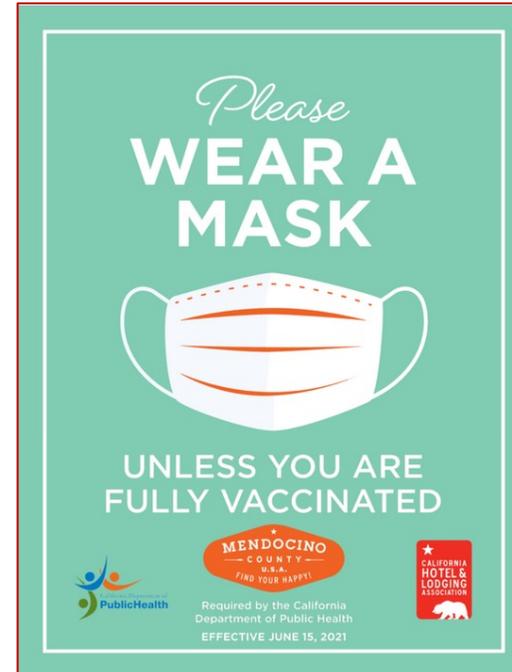

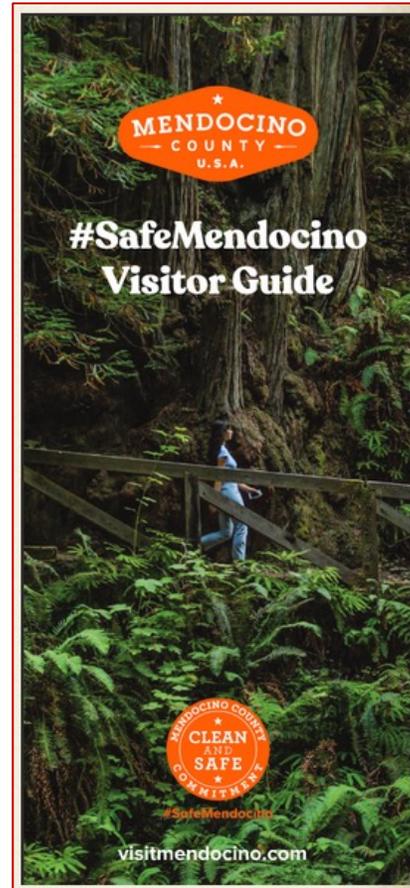

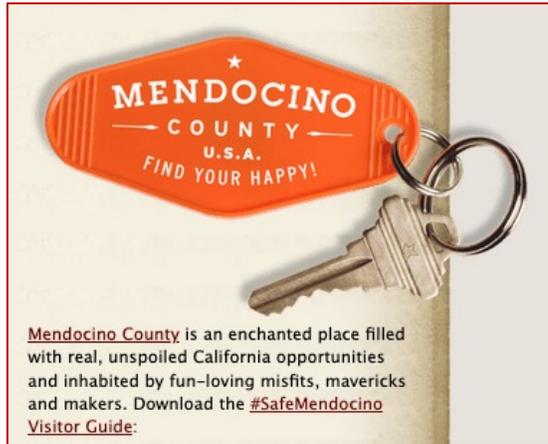

Paddle Away From the Pandemic With Your Dog

Social distancing. Masks. It can all be a lot to keep top of mind...but not when you rent a "canine cruiser" outrigger canoe from [Catch A Canoe & Bicycles Too](#) on the grounds of dog-friendly [Stanford Inn by the Sea](#) on the Big River near Mendocino village. You'll paddle 8.4 miles in a custom-designed vessel with a raised, padded deck centered in the middle of the craft between paddler positions in bow and stern. [Read more...](#)

Top Dog in the Vineyard

Dogs in the Vineyards 2020

Hi <<First Name>>...

October is [DogTrekker.com's](#) official winery month, covering not only the "usual suspects" around the Bay Area, but smaller, more out-of-the-way destinations you may not have heard of or explored. The California wine community is taking extra precautions this year to keep visitors, residents, employees and their families safe and healthy during the pandemic.

Maya Checks Out Saracina Winery, Hopland, CA

Mendocino Wines On Your Mind?

October is prime time to pack the corkscrew, the leash and your four-legged friend for a trip up north to [Mendocino County](#), where the vineyards are blazing with fall color and the mood everywhere is as mellow as can be. The county's 11 diverse [appellations](#) each express a style of their own, and while you can hardly sample them all in a weekend, you can choose an itinerary along one of the county's "wine roads." [Read more...](#)

Beginning in southern Mendocino County, the [Highway 128 Wine Trail](#) stretches a very scenic 55 miles from Cloverdale to the coast, where it meets Highway 1. Dog-friendly wineries abound as you travel its length from Yorkville to Philo to Navarro, passing through the Yorkville Highlands and Anderson Valley wine region, known especially for its pinot noirs.

Favorite stops for DogTrekkers include favorite [Navarro Vineyards](#), which has an enclosed area where dogs not ready to settle down can have a quick romp. Nearby [Toulouse](#) offers just an enthusiastic a welcome, along with a warehouse-like tasting room and shaded picnic tables with sweeping view. [Husch Vineyards](#), oldest winery in the valley, makes 22 varieties of vino and also welcomes furry friends.

Turning inland, the Highway 101 Mendocino Wine Trail, also known as the [Hopland Wine Road](#), starts in the historic town of Hopland on the west bank of the Russian River and continues to Ukiah and the Redwood and Potter valleys, where you'll encounter many family-owned winery tasting rooms where pets are considered part of the family. [McNab Ridge](#) and [Terra Savia Winery](#) & Olive Mill in Hopland are good places to put on your wine-tasting itinerary, along with [Barra of Mendocino](#) in Redwood Valley. This is a historic area so far as wine growing goes, with remnants of wineries abandoned in Prohibition days still evident.

Spring is Springing; Time to Put Paws to Path!

Hi sdfsd...

Wow, has it been a year already since COVID-19 came along and "shelter in place" orders and mask mandates were issued to keep us safe? A lot more is known now than then, and the bright side, as we wait for vaccinations and the gradual lifting of restrictions, is that we're a lot more free to get out and about with our canine companions. Here are some suggestions for dog-friendly hikes this spring.

Mango at Pomo Bluffs

Dog-Trekking Coastal Mendo

Pack a windbreaker and prepare to get oxygenated as you hike the Mendocino Land Trust's [Coastal Trail](#) out of [Fort Bragg](#) with your pup. Travel north for five miles from Noyo Headlands Park on a new, multi-use, ADA-accessible trail featuring ocean views, habitat restoration, interpretive signage and benches crafted by local artists. Families and dogs on leash are welcome. [Read more...](#)

Road Trip!

Time to Get Your DogTrekking Show on the Road

Hi sdfsdf...

After a year of color tiers and various stages of COVID lockdown, it's time to get your dog show on the road. So, plan ahead using DogTrekker.com, make your reservations, download or update the [DogTrekker mobile app](#), pack the leash, bowls, beds and whatever else your pup needs, and take off on a fun-filled road trip! Here are some of our favorites.

Sailing Big River

Highway 128, Mendocino County

Leaving Highway 101 at Cloverdale (Sonoma county), and heading on CA-128 West, this scenic road offers up many delights, from the [Boonville General Store](#) (think deli goodies from pizza to soups and sandwiches) in southern [Mendocino County](#), to Leggett, on the Eel River in the north. In between? Let us count just a few of the ways along this 55-mile stretch of road to make your DogTrekking trip memorable. [Read more...](#)

While many Mendo visitors stay glued to the gorgeously sculpted coastline, doing so means you'll miss out on star attractions such as the [Anderson Valley wine region](#), encompassing the Boonville, Philo, Yorkville Highlands and Navarro areas.

While your pup couldn't care less about the raspberry or leather notes in that 2018 pinot noir, she'll enjoy curling at your feet at [Navarro Vineyards](#), just off highway 128 near Philo. Here water bowls and treats await to please your pup, and an enclosed exercise area is available, as well.

Nearby [Toulouse](#) offers an equally enthusiastic welcome, along with a warehouse-size tasting room and shaded picnic tables with sweeping views of valley vineyards. [Husch Vineyards](#), oldest winery in the Anderson Valley, makes more than 20 varieties of vino and welcomes furry friends in the converted pony barn that serves as a tasting room.

Round out your visit to the Anderson Valley with an overnight stay at a dog-friendly property such as [Anderson Valley Inn](#) in Philo or the [Boonville Hotel](#) in downtown Boonville. You can't go wrong with one of the cottage/houses managed by [Sheep Dung Properties](#). They include a contemporary cottage with fenced yard in downtown Boonville and several [other properties](#) around the county.

LOOKING AHEAD: 7/1/21 – 6/30/22

A little less than 10 years ago, a radio station questionnaire went out to the databases of multiple radio stations, asking dog owners for favorite California dog-friendly cities, counties and regions. Mendocino didn't make the top 25.

Today, Mendocino and the North Coast ranks right up there with Sonoma and Marin Counties, with 50,000 pageviews of viewed content on the DogTrekker channels this past year (actually over **70,000** pageviews when all cities mentioned within stories are factored in). The nearly 9,000 quality hand-offs to Mendocino County stakeholders is undeniably valuable.

DogTrekker has been running campaigns for Visit Mendocino valued in the \$15,000 range for years—as we did this past year. Nor have we charged a licensing fee for the content we have provided for the visitmendocino.com website. For 2021-2022 we are proposing a very modest increase to \$9,500 for the year. We will once again exceed our asset commitment, as we have always done. We appreciate the consideration.

THE MOST POWERFUL TOOL IN YOUR RECOVERY KIT!

Well over $\frac{1}{2}$ **million** DogTrekkers are **NOW** planning vacations and **hundreds of thousands** will use our channels to plan travel, even when their pups stay behind.

DogTrekker's focus on local, accurate, and engaging content was **built for these times**. Now, more than ever, DMOs, hotels, restaurants, wineries and attractions need DogTrekker to **tell their unique stories**.

We look forward to working with you in 2021 - 2022.

Call Dave Kendrick at 415-519-2557 or email dave@dogtrekker.com.
